About ACE

The ACE Mentor Program of America, Inc., a 501(c)(3) non-profit corporation, is the fastest growing mentoring program in the United States with the goal of introducing high school students to the construction industry. When the ACE Mentor Program began in 1995, no one truly understood the positive impact it would have on high school students and the architectural, construction management and engineering industries. Professionals from these industries, the three pillars of this multifaceted program – thus the name ACE – provide hands-on experience to thousands of young high school students each year. For information about how you can become involved in ACE please contact: Denise Ramsey at denise.ramsey@thehaskellco.com or 904-791-4592.
