#### Cornell Scott Hill Health Wellness Center

**Project Statement**  
The project is a multi-story, multi-phased development for a new, 100,000 sq ft wellness center on a large lot located in an old inner city manufacturing site. The site is located on a large lot in an inner city manufacturing site. The site is located on a large lot in an inner city manufacturing site. The site is located on a large lot in an inner city manufacturing site.

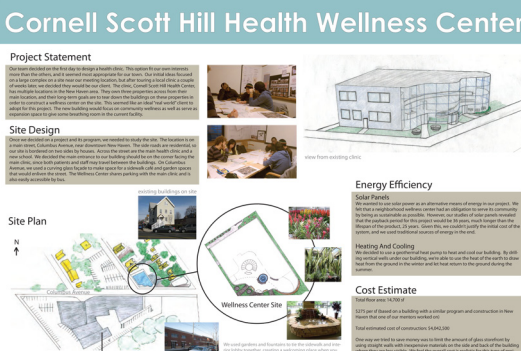

**Site Design**  
Once we received a program and an program, we needed to study the site. The site is located on a large lot in an inner city manufacturing site. The site is located on a large lot in an inner city manufacturing site. The site is located on a large lot in an inner city manufacturing site.

**Site Plan**  
The site plan shows the layout of the building and the surrounding area. The site plan shows the layout of the building and the surrounding area. The site plan shows the layout of the building and the surrounding area.

**Energy Efficiency**  
We wanted to use solar power as an alternative source of energy in our project. We had two architectural options that we had to choose between. The first option was to use solar panels on the roof of the building. The second option was to use solar panels on the ground. We chose the second option because it was more efficient and cost-effective.

**Heating And Cooling**  
We wanted to use a geothermal heat pump system for heating and cooling. We did this because it was a sustainable and energy-efficient option. We did this because it was a sustainable and energy-efficient option.

**Cost Estimate**  
The total cost of the building was \$10 million. The total cost of the building was \$10 million. The total cost of the building was \$10 million.

## Sponsorship Opportunities

The success of the ACE Mentor Program is dependent upon the support of our sponsors throughout the year. In addition to the dedication of the mentors, giving of their time and resources, ACE has awarded more than \$350,000 in scholarships to high school seniors pursuing a college degree in architecture, engineering, construction or related field.

**Now, more than ever, your support of the ACE Mentor Program is needed!** Sponsorship is a great way to support the program and encourage today's high school students to pursue a career in the A/E/C industry. Consider one of these sponsorship levels:

**\_\_\_ I would like to be a Gold Sponsor (\$1,000).**

- Key recognition and signage at all ACE scholarship events
- Table at a Scholarship Event of your choice
- Full page advertisement in the Statewide Program Booklet

**\_\_\_ I would like to be a Silver Sponsor (\$750).**

- Recognition and signage at all ACE scholarship events
- Five tickets to chapter event of your choice
- Half page advertisement in the Statewide Program Booklet

**\_\_\_ I would like to be a Bronze Sponsor (\$500).**

- Recognition and signage at all ACE scholarship events
- Two tickets to chapter event of your choice
- Quarter page advertisement in the Statewide Program Booklet

**\_\_\_ I would like to be a Student Sponsor (\$250).**

This sponsorship level will fund the per student program costs for participation in the ACE Mentor Program. Includes one ticket and recognition at the event.

**\_\_\_ Other: I am pleased to enclose a gift of \$\_\_\_\_\_.**
