

## ACE MENTOR INFORMATION NIGHT

### Wednesday, August 18, 2010

Will there be enough architects, construction managers and engineers to fill the industry's needs ten years from now? What can you do to help?

To date, over 96 local architects, engineers, contractors, suppliers and trades people have signed on to bring their experience and knowledge into the classroom. By acting as professional role models, trusted friends and career advisors, these mentors will make a significant contribution to our community, while helping to develop our future work force. **Make a difference and become an ACE Mentor.**

**375** Students Served  
**98** Graduating Seniors  
**96** Industry Mentors  
**75** Local Companies  
**25** Dedicated Teachers
