## Northrop Grumman Engineering Scholarship Program

This scholarship program is intended to support promising high school seniors who intend to pursue a career in an engineering-related field and who live in communities where Northrop Grumman Electronic Systems is a major presence.

High-technology companies across the nation, like Northrop Grumman, continue to face a critical shortage of specialized engineering personnel needed for their businesses. Through this scholarship effort we hope to motivate some of the brightest and best students -- with a background and interest in math and science -- to consider the engineering professions.

Individual scholarships of \$10,000 are being awarded by Northrop Grumman to qualified graduating high school seniors in:

- Maryland's 23 counties and in the City of Baltimore (one scholarship in each county; one in Baltimore City)

Two Scholarships in the following locations:

- California - Antelope, Conejo and San Fernando Valley
- California - San Gabriel Valley
- Connecticut - Fairfield County and New Haven County
- Florida - Orange and Seminole County
- Illinois - Arlington Heights, Palatine and Rolling Meadows
- New York - Erie and Niagara County
- Ohio - Butler and Hamilton County
- Utah - Davis County, Salt Lake County, Weber County and Utah County
- Virginia - Albemarle County

## Directions to Apply

- Download the Northrop Grumman Engineering Scholars Packet from <http://www.es.northropgrumman.com/engscholars/>

- Review the **Applicant Qualifications** for the program to ensure that you qualify

- Complete the **Student Application** by typing or printing the requested information

- Prepare a typewritten **500 word essay** on your career goals

- Complete Transcript Information Form including transcript and appropriate test scores

- Include three letters of recommendation

- Complete the **Checklist and Signature Page**

- We advise that you work with your school counselor in preparing this application packet and require his or her signature. In addition, we require your signature and the signature of a parent or legal guardian to verify that the information in your packet is correct and that you meet the requirements of the program.

- **All forms must be completed in order to be considered**

- Send all of the above to appropriate location as indicated in the application packet

- Application deadline in Maryland is **March 31**, all other locations due by **April 30**

For general questions and Maryland competition, please email the scholarship committee: [commoutreach@ngc.com](mailto:commoutreach@ngc.com)

For state-specific questions, contact information can be found on the state application

Headquartered in Baltimore, MD, Northrop Grumman's Electronic Systems sector is a world leader in the design, development and manufacture of defense and commercial electronics and systems; this includes airborne radar, navigation systems, electronic countermeasures, precision weapons, airspace management systems, communications systems, space sensors, marine and naval systems, and government systems. The largest company sector in terms of sales, the Electronic Systems sector achieved sales of \$7.09 billion in 2008. The sector employs more than 21,000 people worldwide.
