

Career Directions for Students in  
Architecture, Construction and Engineering

# **ACE MENTOR PROGRAM of WASHINGTON INVITES YOU TO STUDENT PRESENTATION NIGHT**

ACE Mentor Program of Washington, 190 students strong, is proud to host student presentation night.

The six groups of Seattle students participating in this architecture, construction, and engineering program will present the case study projects they have prepared during the year. Come for an evening of fun as these students demonstrate how much they have learned, family and friends mingle with mentors and administrators, and we see the creative industry leaders of tomorrow in action.

**Wednesday, May 20, 2009**

**6:30 to 8:30 p.m.**

**University of Washington Physics & Astronomy Building  
Rooms A102 and A118**

Park in the Central Garage, take the Meany Hall elevator to C1 to walk south,  
follow Stevens Way until the bend in the road; the building is on the right-hand side

See also [www.washington.edu/home/maps](http://www.washington.edu/home/maps)

**Tuesday Teams and Wednesday Team 1, Room A102  
Thursday Teams and Wednesday Team 2, Room A118**

**Refreshments to follow in the lobby outside A102**
