

ACE MENTOR PROGRAM

ARCHITECTURE • CONSTRUCTION • ENGINEERING

COMING FALL 2017 TO YOUR SCHOOL!

What is ACE?

Architecture - Construction - Engineering

ACE is a national mentoring program for high school students interested in careers in the construction industry. It is an after school program that gives students a chance to learn about potential career option and explore their interests within the construction process.

ACE represents the three cornerstones of the construction industry. It is the fastest growing mentoring program in the United States.

What will I do?

Together with your mentor, you will explore hands-on activities, complete office/site tours, interact with guest speakers, and compete in a project competition with other students in the local area. You will have the opportunity to ask questions, seek answers and find your passion for the future.

How can I join?

First you must register and be selected to participate. Students fees are paid for by the affiliate, thus participation is limited. To register, scan the QR code provided and submit online. If assistance is needed, please contact us at ozarks@acementor.org.
