How long have you been a mentor? 3 years

Who or what inspired you to join ACE as a mentor?

Coworker talked me into doing it

What have you found to be most rewarding about being a mentor?

The kids are wonderful, eager to learn and easy to work with. When one asks you to be a reference for them, it is so rewarding.

What is the most surprising thing(s) you've learned from being a mentor?

That teenagers are capable of putting together such a large combined effort. The first time I mentored it seemed kind of crazy up until the end, and then they pulled off an amazing project and presentation.
