ACE MENTOR PROGRAM HOUSTON
CELEBRATING 10 YEARS!
WHO WE ARE

ACE Mentor Houston is a collaborative after-school mentoring program that brings the construction industry, educational institutions and local community together to expose high school students to the world of architecture, construction, engineering and the building trades. The program is open to any high school student who has the curiosity and drive to learn about a career in design and construction — from contracting and engineering to architecture and landscaping. The program runs from October through April.

BECOME AN ACE STUDENT

• ACE is your chance to learn about different construction industry careers — and discover which one might be right for you.
• Join a team of other students led by adult mentors who are practicing industry professionals.
• Visit professional offices, job sites and ACE project sites.
• Gain practical hands-on experience of how abstract concepts get transformed into buildings.
• Connect with other students who share your passions. The friends you make during your ACE experience will likely be your friends for life.

Email us at students@acementorhouston.org

BECOME AN ACE MENTOR

• ACE is driven by the commitment and enthusiasm of volunteer mentors who are practicing professionals in the Architecture, Engineering and Construction industries.
• Make a significant contribution as a role model, trusted friend and career advisor to our high school students.
• Mentoring with ACE presents a variety of networking opportunities, as well as chances to sharpen individual presentation and other professional skills.
• Mentors are team players willing to dedicate up to 30 hours of their time during the school year.
