

Student Frequently Asked Questions

- **What is the time commitment?**

The mentor program meets at one of 6 locations across Houston every Tuesday or Wednesday, depending on the location, after school from November to April. See the Calendar tab for exact dates and times for each location.

- **What schools/ages participate in the mentorship program?**

The students range from high school freshmen to high school seniors.

- **Do I have to go into architect/ construction/ or engineering field?**

No. Some students are just interested in learning about the different fields, but some decide to go with other majors.

- **What are the topics covered in the sessions?**

Topics cover architecture, construction cost estimating, site planning, structural engineering, interior design, civil engineering, MEP engineering. It will vary slightly by location.

- **Who can apply to scholarships?**

Scholarships are available for high school seniors who complete the program and submit the scholarship application. Scholarships range from \$1000 to \$3000 and are awarded at the Student Competition on April 4. Applications should be available in February.

- **What if I don't have a ride to the location?**

Unfortunately, students are responsible for their own transportation to and from each location. We suggest car pooling, or public transportation for those without their own cars.
