ACE is a FREE after-school program open to any high school student with the curiosity and drive to learn about the various career paths in the design & construction industry.
WHAT MENTORS DO

You will join a team of other industry professionals leading a group of students. ACE isn’t about merely describing specific professions, it’s about immersing students in the profession by engaging them in actual building projects.
OUR MEETINGS

- 5-6 PROFESSIONALS meet with a group of approx. 10-15 STUDENTS.
- 15 MEETINGS, 2-HOUR sessions, weekly or bi-weekly schedule.
- Meetings occur in local high schools.
- Through hands-on activities, student teams first learn basic skills and knowledge. They apply this to developing realistic projects in second half of program.
WHAT YOU WILL DO

PRESENTATION
Brief mentor presentations about topic of session and/or introduction to a particular ACE career path.

ACTIVITY
Hands-on activities and/or working with students on mock design project.

WRAP-UP
Wrap-up – review of session’s accomplishments, goals for next session.
• 75% of high school seniors completing ACE pursue A/E/C related majors in college or enter skilled trades programs.

• ACE alumni in their freshman and sophomore years of college OVERWHELMINGLY say ACE gave them an edge over their college peers.

• 85% of ACE students feel their ACE experience made their high school studies more meaningful.
VOLUNTEER ROLES

TEAM LEADER
Team Leaders manage the team and attend every meeting.

MENTOR
Mentors assist with hands-on activities and talk about their careers. They are encouraged to attend every meeting.

GUEST SPEAKER
Guest speakers occasionally give short talks about special topics and join student activities.
