ACE MENTOR PROGRAM

ARCHITECTURE • CONSTRUCTION • ENGINEERING

INVEST IN THE FUTURE OF BIRMINGHAM'S DESIGN & CONSTRUCTION INDUSTRY

The ACE Mentor Program of Alabama is a registered 501(c)(3) nonprofit dedicated to inspiring and preparing high school students (grades 9–12) for careers in Architecture, Construction, Engineering, and Skilled Trades.

Each year, ACE connects high school students from across the Birmingham area with dedicated industry professionals who volunteer their time to mentor, teach, and guide students through hands-on projects, construction site tours, and real-world design challenges.

BUT WE CAN'T DO IT ALONE — YOUR SUPPORT MAKES THIS POSSIBLE!

WHY YOUR SUPPORT MATTERS!

- **Empowering the Next Generation:** Since 2007, we've awarded **\$200,000+ in scholarships** to help ACE students pursue college degrees and skilled trades programs.
- **Growing Local Talent:** This past May, we invested **\$15,000** in scholarships and senior gifts — and this year, our goal is to raise that to **\$30,000**, expanding our ability to support more students on their career paths.
- **Strengthening the Industry Pipeline:** ACE is more than an after-school program — it's where students discover their passion, gain valuable mentorship, and get on track for rewarding, high-demand careers.

THE ROI FOR OUR SPONSORS

- **Direct access** to tomorrow's talent pool
- **Opportunities** to mentor and shape students' career paths
- **Recognition** in ACE marketing materials and events
- **Tax-Deductible Investment** – Sponsorship contributions qualify as charitable donations for your business
