

ACE MENTOR PROGRAM

ARCHITECTURE • CONSTRUCTION • ENGINEERING

JOIN US!

SEPTEMBER - MAY, TUESDAYS (Biweekly) FROM 5:30 -7:30

ACE is an after-school program that gives students a hands-on introduction to architecture, construction management, & engineering

WHAT?

ACE could be for you if you're interested in designing and/or building just about everything around you--from schools, stadiums, concert halls to bridges, tunnels, shopping malls, parks, and more!

The program matches you with ACE professionals, or mentors who show you where and how they work, the skills they use and some of their projects under construction.

1 Scholarships

Participation in the program & pursuit of an ACE related career qualifies eligibility for a partial college scholarship through the local ACE Scholarship Program.

2 Job Opportunities

Meeting at a mentor's place of work opens up opportunities for jobs, shadowing, Internships + more! it also helps prepare you for the professional work environment.

3 Career Guidance

Your exposure to a variety of disciplines & specialties within the construction industry helps you decide which one--if any are right for you!

4 Better Skills

The program helps you to develop a variety of skills, such as drawing, writing, presenting, problem solving, research development, & public speaking.
