- Grants Secured: 4 grants totaling \$17,000 in funding

A FUTURE BUILT BY ALL, FOR ALL.

With a mission to excite, engage, and educate students in pursuit of careers in architecture, engineering, and construction, our work is led by mentors, driven by students. Through generous support, the ACE Mentor Program has helped thousands of students from diverse backgrounds across the country reach new heights and discover new career pathways to a bigger, brighter future.

Initially formed in 2021 to serve students in the greater Sacramento region, the California Capital affiliate has expanded to bring the benefits of the ACE Mentor Program to students in less populated areas of California, covering Sacramento, the Central Valley and the Central Coast.
