

## What is an ACE Externship?

Short term work experience offered by companies for our ACE students. The internship provides an opportunity to get some entry-level exposure to the AEC industry, it is as much of a learning experience as it is work. Students will work on projects and make connections while developing hard and soft skills.

### Are you interested?

ACE will be offering rising seniors and graduates the opportunity for an 80-hour internship with an industry partner.

Limited spots - 20 paid internships available.

### Flexibility:

**We'll help match your schedule and preferences!**

- One 80-hour internship
- Two 40-hour internships
- Four 20-hour internships

ACE will do our best to make your desired pairing, if not your first choice, any of the companies are providing great opportunities to help you identify future career choices.

### Why?

- 👷 Work alongside the pros
- 👷 Build your resume
- 👷 Try out different companies
- 👷 Build your network
- 👷 Figure out what you love (or don't love!)
