

# ACE MENTOR PROGRAM OF GREATER AKRON-CANTON

## 2024-2025 ANNUAL SPONSORSHIP OPPORTUNITIES

The ACE Mentor Program of America, Inc. (ACE) provides mentoring to high school students and inspires them to pursue careers in design and construction. The mission is to **ENGAGE, EXCITE, and ENLIGHTEN**, high school students about opportunities in the A/E/C industry

Since its founding in 2017, ACE Mentor Program of Greater Akron-Canton has awarded more than \$130,000 in scholarships and guided more than 370 students through the program. ACE works in partnership with Akron Public Schools and Canton City Schools in addition to approximately 100 professional organizations and local firms from the A/E/C industry that help us accomplish our work.

We can not do this important work without the crucial support of the companies that sponsor ACE Greater Akron-Canton. This year, we are offering an option to support us with an annual sponsorship instead of sponsoring individual events through the year. Thank you in advance for considering one of the following sponsorships.
