

ACE MENTOR PROGRAM OF WASHINGTON STUDENT PRESENTATION EVENT

Career Directions of High School Students in
Architecture, Construction and Engineering

This year, 165 students and 170 mentors completed ACE! We are thrilled to gather in-person to hear the students present their case study projects. Students, mentors, families, teachers, and other ACE supporters are invited to come see the creative industry leaders of tomorrow in action. Masks are optional and no current COVID restrictions are in place. Refreshments will be served after the event.
