

## BOARD MESSAGE

Looking forward to another year at ACE Mentor--welcome 2021! This is the 18th year that we have been serving high school students.

The current pandemic has been a hardship on all of us. As this year's Chairman, I am grateful to be surrounded by a wonderful board of directors, mentors and community partners that have a shared vision for relevance and growth in this ever-changing environment. While we are not able to meet in a group setting, we have developed a new virtual setting (see article at right).

With this new format we are encouraging students from around the state for an indelible learning experience. Over the next couple months, we look forward to meeting may new faces and welcoming back old friends.

Leo Darnell  
Board Chair
