William Pitz, PE
RMF Engineering

Amber Stewart
South Middletown School District

Jeff Smith
*Alexander Building Construction
Co.*

Dear Colleague:

On behalf of the ACE Mentor Program of Central Pennsylvania, we would like to invite you to join us for the annual ACE Fundraiser Breakfast on Thursday, April 25, 2024 at Central Penn College.

The mission of the ACE Mentor Program is to educate high school students on the varied and exciting career opportunities in the Architecture, Construction, and Engineering industry and related fields. ACE accomplishes this mission through mentoring, experiential learning, and a structured academic program.

ACE has been active in Central Pennsylvania for over two decades, and the local affiliate has ranked among the nation's largest programs for the past fourteen years. During the 2023-2024 academic year, Over 120 students representing 30 schools participated in an in-person instruction program with our Cumberland, Dauphin, Lancaster, and York students.

Business leaders like you that provide ACE with financial support, play an important role in continuing ACE's legacy of awarding scholarships to deserving students as they further their education. ACE students commonly go on to pursue apprenticeship training in the skilled trades or college degrees in architecture, construction management, engineering or related fields. To date, we have been able to award over \$117,000 in scholarships to local students.

Please review the enclosed information inviting you to attend the breakfast event on April 25, and to support ACE with a contribution.

On behalf of the Board of Directors of ACE Mentor Program's Central PA affiliate, we thank you for your investment in the future leaders of our industry here in Central Pennsylvania.

Joseph Connor, AIA, NCARB
Board Chairperson
